

# **WHY A EUROPEAN REGULATION?**

**Standardization of all country rules**

**Increasing safety and privacy**

**Developing the drone industry for  
economic development**

Co-funded by  
the European Union

# THE DIFFERENT SUB-CATEGORIES OF DRONES OPEN CATEGORY

## A1

**Flights over people tolerated for UAS of less than 900g (Classes C0 and C1) are allowed. However, you must stay away from gatherings of people.**

## A2

**Flights are tolerated up to 30m away from people or 5m with a “low speed” function for drones less than 4kg. (Class C2)**

## A3

**A3: For less than 25 kg drones, you can fly at 150m or more from residential, commercial, industrial, and leisure zones. (Class C3 and C4).**

Co-funded by  
the European Union

DR  NES

# THE CERTIFICATE

## HOW TO OBTAIN IT?

### **Training + Test**

**It is necessary for UAVs of <250g (or less but equipped with data-registered tools).**

---

## CAN IT BE EXPIRED?

**Yes, the certificate is only valid for a defined period.**

**You have to pass it again when it expires.**

**It is free and you can do it as many times as you need to.**

---

## WHAT HAPPEN IF YOU FLY WITHOUT IT?

**You will have to pay a fine of 450 €.**

**If you have passed the test but cannot show your certificate immediately, it is 38 €.**
